

FOCALFUSION 11" & 17"

Product Number

EF-DH-11

The FocalFusion Document Holder provides an excellent method for keeping printed material close to the computer monitor. This document holder helps eliminate frequent awkward head and neck postures, fatigue, headache and eye strain. The FocalFusion is allows for 13 different viewing angles and will lower up to 4.5" below the work surface for optimal positioning and viewing of the monitor. Available in both an 11" or 17" width, the Focal fusion has a height of 12".
