

BodyBilt's smaller version of the 8 seat. This seat is a popular part of BodyBilt's Mid-Back, task seating and offers a comfortable choice for smaller workers (petite) who desire a minimal amount of contour. BodyBilt's line of Mid-Back, Task seating was designed specifically for desktop-intensive job performers. Each model features ten ergonomic adjustments that allow the user to control their own level of comfort.

### Standard Features:
